

Introducing SnapPay - A Comprehensive Payment Portal

Gardena, California – April 25, 2022 – We are committed to making it easier for you, our customers, to do business with us. To streamline your payments we will be offering a comprehensive self-service invoice payment portal with the convenience of credit, debit card and ACH payment acceptance while also maintaining our competitive pricing. Like many other businesses trying to offer our customers maximum payment flexibility, we have elected to outsource our credit card processing.

We are teaming up with Fiserv, a leading payments provider, to enable credit card payments that will be available to you beginning on April 25th. Fiserv is a large payment provider subject to the highest level of security protocols. Businesses that use Fiserv include manufacturing & distribution, healthcare, equipment dealers, banks, insurance companies, and more.

The new portal will give you the ability to view/download open and past invoices, schedule payments, securely save your payment information, and even sign up for auto-payment of your invoices – all with timely email notifications.

We look forward to continuing to provide you the highest level of service. If you have questions, please contact ar.dept@ipscorp.com

About T. Christy Enterprises - T. Christy Enterprises , a subsidiary of IPS Corporation, is one of North America's largest manufacturers of adhesives and solvents used in the drainage, waterworks, plumbing, pool and spa, irrigation and fencing industries. The company specializes in creating adhesives and solvents for wet and muddy conditions, cool and wet climates and high productivity environments where fast set/fast cure is critical. The 40-year old company's Red Hot Blue Glue is the top-rated adhesive for PVC pipe and fittings.
