

RECYCLED/RECLAIMED RISER MARKER

DESCRIPTION

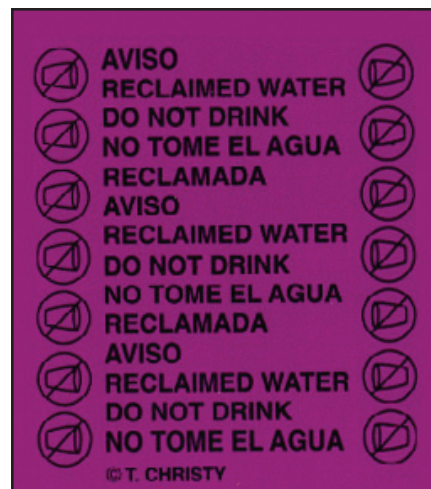

Christy's Riser Markers are designed to offer protection at the irrigation riser. Our Riser Markers allow for easy attachment directly to the sprinkler riser while providing exceptional adhesion, weathering and UV qualities. Ideal for identifying sprinkler risers utilizing Recycled/Reclaimed water. The Recycled/Reclaimed Water Riser Marker is purple in color and includes a repeating bilingual warning, including the international "Do Not Drink" symbol for maximum protection. They come in perforated rolls of 100.
