

Christy's – Complete Solutions for Waterworks & Pipeline Professionals

Christy's offers a wide selection of high-quality waterworks tools, coatings and mastics, pipeline accessories and specialty products.

Lubricants & Solvent Cements

Christy's Pro Lube Pipe Lubricant is NSF 61 Certified and stocked in quarts, gallons and five gallon containers to meet your needs. Christy's PVC solvent cements and primers provide outstanding results across a wide variety of applications and jobsite conditions.

GRAY HEAVY BODY PVC CEMENT

- Industrial grade, high strength formulation
- Heavy body, medium set
- All classes and Schedules thru 12" diameter interference fit
- Non-pressure applications thru 18"
- Gray in color

ULTRA SEAL™ T-10,000 THREAD SEALANT

- Soft-set virgin PTFE paste for all threaded metal and plastic piping applications
- Contains anti-galling compound for easy disassembly
- Sealing capacity to 3,000 PSI gases and 10,000 PSI liquids
- Grit free
- White in color

CLEAR PRIMER

- Professional grade aggressive primer for use on PVC and CPVC including Schedule 80
- Aggressive formulation softens pipe and fittings prior to application of solvent cement
- For use with any Christy's solvent cement, excluding ABS
- Clear formulation for clean joints in exposed installation
- Clear in color

CHRISTY'S PRO-LUBE PIPE JOINT LUBRICANT

- Smooth, spreadable all purpose pipe joint lubricant
- Joins gasketed pipe and fittings with rubber, synthetic rubber or plastic gaskets
- Water soluble, non-toxic petroleum and phosphate free
- NSF/ANSI Std 61-G
- Off-white in color

Pipeline Marking Products

Christy's delivers a complete line of detectable and non-detectable marking tapes through 12" width. Custom legends can be manufactured to your specifications. Additionally, Christy's provides specialty signage, decals, valve markers, marking paint as well as line markers, marker balls and locating devices. Count on Christy's for the industry's largest selection of smart marking solutions.

2", 3", 6", 12" DETECTABLE MARKING TAPE

- 5 mil - Detectable, 1000' roll
- APWA color coded and permanently printed
- Call for special legends
- See www.tchristy.com for specification sheet

3", 6", 12" NON-DETECTABLE MARKING TAPE

- 4 mil - Non-Detectable, 1000' roll
- APWA color coded and permanently printed
- Call for special legends
- See www.tchristy.com for specification sheet

KRYLON® 17 OZ SOLVENT BASED MARKING PAINT

- Solvent based inverted tip marking paint
- The high solids formula has a one-coat coverage and penetrates and clings to hot surfaces
- Ideal for grass, asphalt, concrete, dirt, construction sites, and golf courses.
- Complies with California VOC standards for reduced emission spray paints

"DANGER DO NOT ENTER" TAPE

- 3 mil LLDPE/LDPE, Non-Detectable
- Elongation is >400% at break point

KRYLON® 17 OZ WATER BASED MARKING PAINT

- Specially formulated for temporary marking projects
- The water-based, high solids formula is designed to adhere to most surfaces with one-coat coverage
- Convenient spray-thru cap and nonclogging inverted spray tip
- Ideal for utility marking, construction sites, turf, pavement and gravel

"CAUTION" TAPE

- 4 mil LLDPE/LDPE - Non-Detectable
- Yellow

Polyethylene Encasement (Polywrap/Layflat)

Christy's Polywrap is an economical and effective method of corrosion protection for cast iron, ductile iron, steel pipe, valves & fittings. Our product is manufactured to the highest standards in accordance with AWWA C105. Choose from a wide range of sizes and colors in linear low density and high density cross laminated material.

BLACK POLYWRAP 20 FT PERFORATION - 200', 340' OR 400' ROLL

- 8 mil Black Polyethylene Pipe Encasement
- AWWA C105/A21.5-10 printed
- Virgin Polyethylene
- Install according to the latest AWWA or DIPRA guidelines

CLEAR POLYWRAP 20 FT PERFORATION - 200', 340' OR 400' ROLL

- 8 mil Clear Polyethylene Pipe Encasement
- AWWA C105/A21.5-10 printed
- Virgin Polyethylene
- Install according to the latest AWWA or DIPRA guidelines

BLUE POLYWRAP 20 FT PERFORATION - 200', 340' OR 400' ROLL

- 8 mil Blue Polyethylene Pipe Encasement
- AWWA C105/A21.5-10 printed
- Virgin Polyethylene
- Install according to the latest AWWA or DIPRA guidelines

BLUE POLYWRAP SLEEVE

- 6 mil Blue Polywrap Sleeve
 - Copper Tube Sleeving for identification and protection
 - Secure with Christy's Pipe Wrap Tape
- For use in identifying and protecting copper service runs.
6 mil average. Not UPC Printed.

PURPLE POLYWRAP 20 FT PERFORATION - 340' ROLL

- 8 mil Purple Polyethylene Pipe Encasement
 - AWWA C105/A21.5-10 printed
 - Virgin Polyethylene
 - Install according to the latest AWWA or DIPRA guidelines
- Recycled/reclaimed polyethylene encasement is ideal for municipal, waste water, irrigation and golf course marking applications where recycled/reclaimed water is used.

CLEAR POLYWRAP SLEEVE

- 6 mil Clear Polywrap Sleeve
 - Copper Tube Sleeving for identification and protection
 - Secure with Christy's Pipe Wrap Tape
- For use in identifying and protecting copper service runs.
6 or 8 mil average pending item. Not UPC Printed.

GREEN POLYWRAP 20 FT PERFORATION - 340' ROLL

- 8 mil Green Polyethylene Pipe Encasement
- AWWA C105/A21.5-10 Printed
- Virgin Polyethylene
- Install according to the latest AWWA or DIPRA guidelines

Visqueen Fitting Wrap

- 8 mil clear Polyethylene pipe sheeting
 - Meets polywrap specifications
 - AWWA C105/A21.5-10 printed
 - Virgin Polyethylene
 - Secure with Christy's Pipe Wrap Tape
 - Developed for ease of use in wrapping valves and fittings
 - Install Polywrap according to AWWA or DIPRA guidelines
- Clear Polyethylene sheeting meets current AWWA specification.
8 mil minimum.

Specialty Tapes

Christy's stocks a wide range of tapes for any of your requirements. Wax tape, pipe wrap tape, PTFE tape & duct tape are just a few examples of the wide variety of quality tapes we offer.

CLOTH DUCT TAPE

- 9 mil
- Individually shrink wrapped

NON-PRINTED PIPE WRAP TAPE

- Non-Printed Pipe Wrap Tape, 2" - 10 mil

ELECTRICAL TAPE

- Contractor grade - 7 mil
- Individually shrink wrapped

PTFE TAPE

- Tape has pigment color added for specialized uses

MASKING TAPE

- Extended duty blue professional painter's 6 mil
- General purpose, high adhesive
- No residue, UV resistant
- Solvent-free rubber-based adhesive
- Individually shrink wrapped

PTFE (TEFLON®) TAPE

- Meets Fed. mil SPEC T-27730A
- Virgin PTFE particles
- 3.5 mil thick/ .37 Density
- Contractor quality
- Great stretch & anti-tear properties

CHRISTY'S PIPE WRAP TAPE

- All Pipe Wrap Tape is printed and IAPMO/UPC listed
- Individually shrink wrapped
- For corrosion and freeze protection
- Cannot be used to stop leaks

FOIL TAPE

- Aluminum foil backed tape with aggressive adhesive
- Ideal for sealing heating and air conditioning ducts and vents and can be used for electro-plating
- Temperature range -20F to 150F
- Shrink wrapped
- 2.7 mil
